In order to encourage and promote SDA High School students engaging in healthy relationships at our upcoming homecoming dance, we will prohibit lewd, provocative, and suggestive dancing and expect students to face one another and maintain an appropriate distance while dancing. Students who follow these suggestions will help to ensure we do not create an intimidating, hostile, or offensive school dance environment. "Homecoming is a semi-formal event. Inappropriate dancing, dress, and/or behavior may result in a student's immediate dismissal from this activity. The following is NOT an all-inclusive list: Guys: dress pants; collared shirt. Girls: Long or 1-3 inch above the knee dress/skirt, slacks, or pant suit. Both: No hats, sunglasses, canes, sagging or provocative dress. **NO JEANS.**" Students are reminded that participation in a school dance is a privilege and not a right. Students who leave after entering the dance cannot return unless escorted by a parent or guardian.

Please be advised that alco-sensors may be utilized at the dance. Upon reasonable suspicion of alcohol use, SDA administration and the Otoe County Sheriff's Office reserve the right to check students for alcohol or drug use. The Otoe County Sheriff's Deputies will be present to help ensure a safe environment for the event. The Student Code of Conduct will be applied to all students. Please make good decisions in regards to your conduct before, during, and following the dance.
